BANKRUPT IS THAW.

Makes Plea to Avoid Lawyers' Fees.

Has Detective Appointed as Receiver and Schedules Small Assets.

Retains Considerable Monthly Income, Which, He Believes, Is Safe.

[BY DIRECT WIRE TO THE TIMES.] PITTSMORE (Pa.) Aug. 7.—[Exclusive Dispatch.] Harry K. Thaw, slayer of Architect Stanford White, has declared himself a bankrupt, and Roger O'Mara, a Pittsburgh detective, has been appointed receiver for his estate.

Thaw's schedule shows assets of \$125,000, and liabilities of \$453,140.42. Of this latter amount, \$75,745.12 is secured. The remaining \$477,395.30 is unsecured, including \$191,000 Thaw owes his mother, Mrs. Mary Copley Thaw. Mrs. Thaw, it is stated, spent this amount for her own money in the defense of her son. At least, this is all she has changed up against him. Thaw's income is \$33,300 per month. It is doubtful if any of this can be touched by the creditors.

Receiver O'Mara today filed bond in the sum of \$200,000. His securities are John Newell, ex-prize fighter and hotel-keeper, and James Platt, another saloon-keeper.

This action on the part of Thaw is taken by the wise ones here as meaning he will fight the efforts of the lawyers, alienists and doctors who helped him during his trial to secure the large amounts they have charged him with. In fact, most of the unsecured creditors, who are due to lawyers, physicians and alienists. Among the claims cited in the petition today are the following:

Hartbridge & Peabody, New York lawyers, \$40,000; John B. Gleason, lawyer, \$20,000; Allan McLain Hamilton, \$15,000; Mark W. Littleton, \$8,000; Dr. Graham, Newburgh, N. Y., \$2,500; Dr. Graeme Hammond, \$2,000; Dr. Charles Wagner, Binghamton, \$4,000; Dr. Smith Ely Jelliffe, \$2,500; Dr. Evans, Morris-town, N. J., \$2,000; Dr. Dana, New York, \$15,000; Dr. J. B. Wilson, Philadelphia, \$2,000.

Thaw's action came as a surprise to his friends in Pittsburgh, but it has been known for a long while that he intended fighting the large claims of the lawyers, alienists and others who participated in his trial.

MISSIONARIES RETROGRESSIVE.

ORTHODOX CONGRESS AT KIEV TAKES BACKWARD STEP.

Petition Government to Make Russian Calendar Obligatory in Poland in Order to Secure Weapon in Anti-Catholic Propaganda—Unusually Wrangle Marks Laborers.

[ASSOCIATED PRESS NIGHT REPORT.] ST. PETERSBURG, Aug. 7.—The Orthodox Missionary Congress, which is now in session at Kiev, has taken a backward and unpopular step in petitioning the government to again make obligatory in Poland the use of the Russian calendar.

The reform of the Russian calendar to conform to the Gregorian calendar, which is used in Western Europe and America, has long been demanded by Russian scientists and business men. Finland and Poland now reckon their time according to the western method.

The object of the congress in making its recommendation with regard to the calendar is to secure a weapon in the anti-Catholic propaganda.

The congress further recommended a number of other repressive methods aimed to facilitate the struggle between Catholics and Protestants, including the prohibition of members of the Orthodox church from visiting non-Orthodox chapels. The laborers of the missionaries have been marked by unseemly wrangling and the press, with the exception of the reactionary organ, is almost unanimous in condemning their activity.

STEAMER BURNED.

Six Passengers Lose Their Lives.

Premier on Lake Winnipeg Consumed to Water's Edge in Night.

Those Who Escaped Jumped Overboard in Night Attire.

Flames Spread to the Docks and Other Near-by Buildings.

[ASSOCIATED PRESS NIGHT REPORT.] ST. PAUL (Minn.) Aug. 7.—A special train to the Pioneer Press, from Winnipeg, Man., says: The steamer Premier, Capt. Stevens, was burned to the water's edge at Winnipeg Landing, the northern terminus of Lake Winnipeg, on Thursday morning. Six passengers and two of the crew lost their lives.

Docks and other buildings in the vicinity were also destroyed. The fire started in the engine room of the hold during the night and spread with frightful rapidity. The dead are: MRS. A. COULTRIE, of Selkirk; MRS. OLESON, of Gimli; MISS KOVACH, of Winnipeg; ELMER JOHNS, of Selkirk; OSCAR OVERTON, of Selkirk; L. FREYER, all of Selkirk; GUS WELLS, of Selkirk, cook; NORMAN FISHER, of Selkirk, assistant cook.

The Premier left Selkirk for the North on Monday morning with passengers and crew to the number of 23. About 20 were sleeping when the fire broke out. When the cry of "fire" was raised, those who escaped, did so in scanty attire and jumped overboard, when they either swam to shore or were picked up by boats.

Details of the catastrophe are meager as yet.

Major Association Blames Nebraska Laws.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Aug. 5.—[Exclusive Dispatch.]—About a week ago a common domestic black and white cat produced a litter of kittens at the Zoological Park. Today when one of them strayed near the bars of a leopard's cage, the latter reached out and drew in the venturesome stranger. Instantly the mother cat darted inside the bars and landed squarely on top of the leopard's head.

With a scream the leopard released the kitten. Like a flash the cat leaped down, seized her stunned offspring in her mouth, and made her escape from the cage, leaving the leopard licking its wounds.

The masses. A sum of not less than \$500,000 is regarded as necessary to meet the expenses of the campaign. The matter was laid over at great length today by Mr. Bryan with former Senator Pettigrew of South Dakota, member of the Finance Committee, and tonight with Gov. N. Haskett, treasurer of the Democratic National Committee. The decision was reached that the Finance Committee should meet in Chicago next Monday and at once enter the work of organizing and of perfecting plans for raising the necessary means for the campaign.

KERN VISITS HEADQUARTERS.
Vice-Presidential Candidate in Conference With Chairman Mack at Chicago Office.

(ASSOCIATED PRESS NIGHT REPORT.)
CHICAGO, Aug. 5.—[Exclusive Dispatch.]—Declaring that prospects for Democratic victory never more bright in a Presidential campaign, John W. Kern, Democratic Vice-Presidential candidate, was an unexpected visitor at the Democratic National Committee headquarters, which were formally opened at the Auditorium Annex by National Chairman Norman E. Mack, today.

After a two-hour conference with Mr. Mack on the general situation and the discussion of tentative plans for a speaking campaign, Mr. Kern left tonight for Chicago City, Iowa, where he will address a meeting tomorrow. Before his departure, Mr. Kern confided that his speech of acceptance at his nomination in Indianapolis would be a master of brevity, far more brief than Mr. Bryan's speech at Lincoln.

Concurrent with the opening of the headquarters of the committee, Congressman James L. Lloyd, of Missouri, chairman of the Democratic Congressional Committee, selected headquarters for his committee in the Auditorium Annex, and stated he is prepared to continue active in the campaign which was launched in Washington early in March.

Chairman Mack had a busy time today conferring with national committee members and others who dropped in at headquarters. The heads of the various committees of the National Committee will meet here next Monday. Chairman Mack is hopeful that the Democratic Club will be organized in Chicago, and that the committee will meet here next Monday.

Mr. Mack announced tonight that John W. Tomlinson, a member of the Executive Committee, had been appointed head of the National Bureau of Democratic Clubs, and that he was in this city and assistants here and in the East.

WHO ARE REAL DEMOCRATS?
COURT TO DECIDE.

(ASSOCIATED PRESS DAY REPORT.)
WALLACE (Idaho) Aug. 5.—[Exclusive Dispatch.]—It was the question of the courts which fact of the Democratic State Convention in the case of the name of Democratic party.

Practically all of the delegates left the city today by special train. A committee of prominent citizens, headed by Mayor Hugh Wells, gave them a send-off at the station and amid mutual cheering by both sides the party left for Wallingford, where inspection of the famous Bunker Hill and Sullivan mines will be made.

BONAPARTE STANDS BY.
WILL NOT RESIGN.

(ASSOCIATED PRESS DAY REPORT.)
BALTIMORE (Md.) Aug. 5.—[Exclusive Dispatch.]—Gen. Bonaparte, leader of the report that he contemplated leaving the Cabinet after the November election and would be succeeded by Wade H. Ellis, Ohio, in following the line of the News today, from Lenox, Mass.

"Have not the slightest intention of resigning before end of the present administration," Gen. Bonaparte stated, "so often that I think further denials on my part are unnecessary."

POLITICAL BRIEFS.
Nashville Primaries in Doubt.

NASHVILLE (Tenn.) Aug. 5.—[Exclusive Dispatch.]—The result of the primary election held yesterday in the Fourth Congressional District appears to be in doubt. Claims the election by 550 majority. James T. Miller insists that fraud was practiced and that a correct count will give the election to him.

MATIN TO PAY DAMAGES.
French Newspaper Loses in Libel Suit Instituted by Former Minister of Justice.

(ASSOCIATED PRESS DAY REPORT.)
AGEN (France) Aug. 5.—[Exclusive Dispatch.]—The Assises Court here yesterday condemned the Matin to pay a fine of \$100, and \$500 damages and to publish 20 times the court's judgment in the libel suit brought by M. Chaumie, former Minister of Justice, against the paper. The Matin, it was charged, repeatedly accused M. Chaumie of providing a list of names for the publication of a public expense. The writer of the article complained of was a joint defendant, but was acquitted on account of its length and the legal questions involved. The Matin raised the question of the competency of the Assises court to deal with the case, and after repeated appeals, the Supreme Court decided against the newspaper, which then withdrew all its charges.

CAT WORSTS ZOO LEOPARD.

Common Tabby Rescues Kitten from Wild Beast's Cage With Ease.

FINES SANTA FE FOR REBATING.

Judge Bethea at Chicago Hears Plea of Guilty.

Violation of Law Considered Largely Technical.

One Count Out of Sixty-five Allowed to Stand.

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, Aug. 5.—[Exclusive Dispatch.] Judge Bethea, in the United States District Court this afternoon, imposed a fine of \$1000 upon the Atchison, Topeka, and Santa Fe Railway Company, when that company pleaded guilty to granting rebates to the United States Sugar and Land Company at Garden City, Kan.

The company pleaded guilty through its attorneys to one count in the indictment, that was returned more than a year ago by a Federal grand jury. The indictment contained sixty-five counts and sixty counts were subjected to nolle prosequi by Dist. Atty. Sloan when the plea of guilty on one count was entered.

Had there been a trial on the indictment and a verdict of guilty on all counts, a maximum fine would have amounted to \$300,000, and a minimum of \$50,000.

The railway company was indicted on charges of granting \$11,000 in rebates to the United States Sugar and Land Company, but the government concluded the rebate was scarcely more than a technical violation of the law.

EMPLOYEES AID RAILROADS.
FAVOR HIGHER RATES.

(ASSOCIATED PRESS DAY REPORT.)
CHICAGO, Aug. 5.—[Exclusive Dispatch.]—While shipper organizations in many parts of the United States are fighting the railroads tooth and nail, in an effort to secure reductions on freight rates or to prevent the railroads from effecting general increases, thousands of railroad employees, fearing that their wages may be reduced unless the companies are permitted to increase their revenues, are planning a vast campaign in the near future.

Definite ways and means have not yet been decided upon, but the general scope of the plan includes an extensive campaign of public opinion, and the interests of the public demand that the roads be allowed to increase their rates. It is also planned to present their side of the case before the Interstate Commerce Commission and before State railroad commissions wherever an opportunity presents itself.

The lead in the movement is being taken by the recently organized Nebraska State Railway Employees Protective Association, and by the American Protective Association, with headquarters in Chicago. The latter is a national organization, and which already includes members from thirteen Western States.

Members of the Chicago division of the Order of Railroad Conductors have already taken active steps in the matter, and representatives of other railroad brotherhoods are taking an interest in the movement, although it has not yet been officially taken up by any of the national organizations. The men point out that the expenses of the railroads have been enormously increased during the last year, while freight rates have gradually declined, and that matters have now come to the point where an increase in revenue is imperative. They claim that the railroads are maintaining property in first-class condition, and make needed extensions and improvements while maintaining the present scale of wages.

WORK TO HOLD WAGES.
FAVOR INCREASED RATES.

(ASSOCIATED PRESS DAY REPORT.)
CHICAGO, Aug. 5.—[Exclusive Dispatch.] A far-reaching campaign against legislation regarded as hostile to railroads has been begun by employees of several western railroads. The campaign is being conducted in several States, and it is the aim of the organization to build up a political party in the various State legislatures.

W. H. Thomas of Kansas City, Mo., manager conductor on the Chicago, Rock Island and Pacific Railway, is the chief organizer of the movement. He left for Wallingford, where inspection of the famous Bunker Hill and Sullivan mines will be made.

ADJUSTING STEERAGE RATE.
CONFERENCE IN PARIS.

(ASSOCIATED PRESS NIGHT REPORT.)
PARIS, Aug. 5.—[Exclusive Dispatch.]—An international conference of representatives of the great shipping companies, called to regulate the steamer rate war between the Mediterranean and other parts of the world, opened today at the Grand Hotel with forty delegates present.

Committees were named to consider the various phases of the questions involved. Several of the delegates told the Associated Press that competitive rate cutting had reached an intolerable stage, the Mediterranean and American rates falling off to 50.

TEXAS TO FILE PROTEST.
FIGHTING RATE INCREASE.

(ASSOCIATED PRESS NIGHT REPORT.)
WASHINGTON, Aug. 5.—[Exclusive Dispatch.]—After a conference today between Chairman Knapp and Commissioner Clements, the Interstate Commerce Commission and representatives of the State of Texas concerning the proposed freight rate increase to take effect on the 15th instant, it was decided to file tomorrow formal complaint by the Railroad Commission of Texas against the several roads concerned in the increase of rates.

Chairman Knapp assured the representatives of Texas that this complaint should receive the prompt attention as possible under the law.

NEW CHICAGO TERMINAL.
TO COST TWENTY MILLIONS.

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, Aug. 5.—[Exclusive Dispatch.] Chicago is destined soon to have a railway terminal station worthy of a city of 2,000,000 population. Officials of the Chicago and Northwestern road, today made public complete plans and drawings of a new \$20,000,000 station and passenger terminal, which is to be built at Madison, Canal, Kinzie and Clinton streets.

CATS, BIRDS AND CHARITY.

Beneficiaries of Aged Woman's Six-Hundred-Thousand-Dollar Estate.

(ASSOCIATED PRESS NIGHT REPORT.)
PHILADELPHIA, Aug. 6.—Half a million dollars out of an estate of \$600,000 is given to charity by the will of the late Mrs. Annie L. Lowry of this city.

The will, which was probated today, directs that \$200,000 be invested and the income paid to Violet Peak, a cousin, for the care of cats and parrots that belonged to Mrs. Lowry, who was 85 years old when she died on August 1.

These pets are to be considered as having equal share in the income, and when they die the trust fund reverts to other heirs.

completion in time for a new year reception, which it is planned to give to Chicago on January 1, 1938. The new terminal will cover four city blocks and thirteen acres of ground space.

MORE.
RAILROADS ASK
RISE IN ICING.

WANT INCREASE FOR COOLING OF INBOUND GOODS.

Request on Interstate Commerce Commission Embroils Mack, Butler, Eggs and Other Products. Proposed Rate Being Nearly Double That Existing.

The transcontinental railroads have filed with the Interstate Commerce Commission a new tariff of icing charges on shipments of meat, butter, eggs and all packing-house products to California from the East, raising from \$15 to \$25 a car. The new charges are a part of a general increase in rates on all freight traffic, and the railroads claim that the increase is necessary to cover the cost of the new icing equipment.

The \$15 charge has prevailed many years. It is for replenishing the ice supply route, the shipper having to start the car with ice chests filled. This will be the same after the increase.

For east-bound traffic, consisting of citrus and deciduous fruits, the rate is \$10 a car, and for west-bound traffic, consisting of citrus and deciduous fruits, the rate is \$10 a car, and for west-bound traffic, consisting of citrus and deciduous fruits, the rate is \$10 a car.

ADULTERATED MEAT.
PURE FOOD MEN
POKE BEEHIVE.

FIGHT IS ON BETWEEN WILEY AND WILSON.

Objection of National Congress to Present Administration of Laws Said to Have Behind It Some Official Animus Between Agricultural Department Leaders.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Aug. 5.—[Exclusive Dispatch.]—The Department of Agriculture today made itself into an imitation of a beehive that has been investigated by one small boy with a long pole. The pole in this instance was a report of the doings of the Association of State and National Pure Food Departments in session at Mackinac Island.

Dr. Harvey W. Wiley, Chief of the Bureau of Chemistry of the Department of Agriculture, and official pure food expert, is represented as being in control of that meeting, the operator of its steam roller. According to all reports, the convention called by Dr. Wiley went on record as of the opinion that the administration of pure food law is so inefficient that it is incumbent upon the States to enact pure food laws of their own and ignore the Federal law.

Improving Roadbed.
The Southern Pacific is replacing its rails in the southern end of the San Joaquin Valley with heavy steel and is improving its roadbed.

AFFAIR OF STATE.
ROOT GIVEN
DAVILA CASE.

HONDURAS AFFAIR OFFERS DIFFICULT PROBLEM.

International Correspondence Will Probably Determine Joint Action by Powers Whose Consuls Had Exequaturs Revoked—Gunboat, Protects American Agent.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Aug. 5.—[Exclusive Dispatch.] The question of what, if anything, shall be done to Honduras, on account of President Davila's refusal to cancel his revocation of exequaturs of the consular officers at Celba, has been passed up to Secretary Root at his summer home near Clinton, N. Y., acting Secretary of State.

It is probable there will be some correspondence about the matter between this government and the governments of Great Britain, France, Spain and Norway, because the consuls of those nations were expelled from Honduras when he placed a view to having concurrent action on the subject.

Assistant Secretary Bacon, before he started for the West Indies, had several pointed interviews with Minister Ugarte, the Honduran representative, in which he made it plain that the United States would not tolerate the treatment of the American Consul Little at Celba.

The assistant secretary's views are shared in by his chief, Secretary Root, and the plan is to proceed to the preservation of peace in Central America.

TAFT RIGHT ON BROWNSVILLE.

Gen. Corbin Explains Nominee's Part in Affair.

Acted Dutifully as Subordinate to President.

As Secretary of War He Delayed Discharge.

(ASSOCIATED PRESS NIGHT REPORT.)
WASHINGTON, Aug. 5.—That Judge Taft was in no way responsible for the order discharging the battalion of the Twenty-fifth Infantry and that in doing so he obeyed the direct order of the President is the statement of Gen. Corbin, "any credit of blame in that matter cannot be laid to Mr. Taft. As a matter of fact, Mr. Taft was not in Washington at that time. He left Washington on October 27, 1904, for an inspection of the western military posts and was absent until November 17.

"Upon his return the order suspending the battalion of the Twenty-fifth Infantry was brought to his attention. That the President might reconsider the matter, Mr. Taft suspended the order, and the President, who was then in the West Indies, and four days after Mr. Taft's return to the Capitol he received from the President a cablegram directing that the order be executed.

"As a loyal subordinate of the President he did his duty regardless of any views of his own.

"With these facts known, no man, white or black, can place any responsibility upon Mr. Taft."

PRESIDENT'S STATEMENT.
OYSTER BAY (N. Y.) Aug. 5.—President Roosevelt, in a statement issued late tonight, made it clear that the entire responsibility was his for the discharge of the original order discharging the battalion of negro soldiers for participation in the Brownsville riot.

The President pointed out that the original order was issued by him, and that he was not in Washington when the order was issued. He stated that he was in the West Indies, and that he was not in Washington when the order was issued.

"Gen. Corbin's statement is absolutely correct, and it was entirely proper that he should make it. The substance of the message from the President, which he quoted, was made public long ago. In the Brownsville matter the entire responsibility for the original order, and for the discharge of the battalion, was mine."

ADULTERATED MEAT.
PURE FOOD MEN
POKE BEEHIVE.

FIGHT IS ON BETWEEN WILEY AND WILSON.

Objection of National Congress to Present Administration of Laws Said to Have Behind It Some Official Animus Between Agricultural Department Leaders.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Aug. 5.—[Exclusive Dispatch.]—The Department of Agriculture today made itself into an imitation of a beehive that has been investigated by one small boy with a long pole. The pole in this instance was a report of the doings of the Association of State and National Pure Food Departments in session at Mackinac Island.

Dr. Harvey W. Wiley, Chief of the Bureau of Chemistry of the Department of Agriculture, and official pure food expert, is represented as being in control of that meeting, the operator of its steam roller. According to all reports, the convention called by Dr. Wiley went on record as of the opinion that the administration of pure food law is so inefficient that it is incumbent upon the States to enact pure food laws of their own and ignore the Federal law.

Improving Roadbed.
The Southern Pacific is replacing its rails in the southern end of the San Joaquin Valley with heavy steel and is improving its roadbed.

AFFAIR OF STATE.
ROOT GIVEN
DAVILA CASE.

HONDURAS AFFAIR OFFERS DIFFICULT PROBLEM.

International Correspondence Will Probably Determine Joint Action by Powers Whose Consuls Had Exequaturs Revoked—Gunboat, Protects American Agent.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Aug. 5.—[Exclusive Dispatch.] The question of what, if anything, shall be done to Honduras, on account of President Davila's refusal to cancel his revocation of exequaturs of the consular officers at Celba, has been passed up to Secretary Root at his summer home near Clinton, N. Y., acting Secretary of State.

It is probable there will be some correspondence about the matter between this government and the governments of Great Britain, France, Spain and Norway, because the consuls of those nations were expelled from Honduras when he placed a view to having concurrent action on the subject.

Assistant Secretary Bacon, before he started for the West Indies, had several pointed interviews with Minister Ugarte, the Honduran representative, in which he made it plain that the United States would not tolerate the treatment of the American Consul Little at Celba.

The assistant secretary's views are shared in by his chief, Secretary Root, and the plan is to proceed to the preservation of peace in Central America.

WASHINGTON BRIEFS.
Against Opium Traffic.

WASHINGTON, Aug. 5.—China has formally accepted the date, January 1 next, and the selection of the city of Shanghai as the time and place for holding the meeting of the International Opium Commission. The commission is to make a preliminary investigation into the general question of opium traffic, and to make recommendations for future action by the various countries.

BODY LIES IN STATE.
Friends and Townspeople Permitted to View Remains of Late Senator Allison.

(ASSOCIATED PRESS NIGHT REPORT.)
DUBUQUE (Iowa) Aug. 5.—In the north parlor of the unostentatious Allison home in this city during this afternoon and evening the body of Iowa's most distinguished citizen lay in state. Three friends and townspeople were permitted to look upon the features of Senator Allison. The flower tributes have been limited by those in charge of the funeral to a blanket of flowers upon the casket.

LABOR.
STRIKERS PLAN
A LONG SIEGE.

CANADIAN PACIFIC EMPLOYEES TO AWAIT DEVELOPMENTS.

Company Promotes Wipers to Places on Engines and Provides a Sufficient "Spare-Board" to Draw on for Some Time—No Move Toward Settlement.

(ASSOCIATED PRESS NIGHT REPORT.)
WINNIPEG (Man.) Aug. 5.—A quiet preparation for a long siege by the strikers of the Canadian Pacific strike this evening. No men in large numbers have come into the city from either eastern or western points, although rumors are rife that a large contingent is due here tonight. Pickets are guarding the entrances to shops and all railroad terminals. A number of women have been placed at work cleaning cars. Testing is going on as usual, the work being done by foremen.

Mass meetings were held today and addresses given in their native tongues to Hungarians, Germans, and Russians. J. H. McVey was asked tonight if the other organizations connected with railroad work were likely to go out soon. He replied:

"If they are going out very soon, I don't know of it. If they went out without notice they would be breaking their ironclad agreements."

The Canadian Pacific Railway Company yesterday promoted all strikers who had been serving in the local roundhouse as wipers. In placing these men on engines a probable cause for a strike on the part of the Brotherhood of Locomotive Firemen has been removed.

When crops begin to move there will be larger demand for engineers and firemen than at present. In the meantime the company has been playing on the "spare board," and as men are required for road work they will draw from the ranks of those whose names are on the "spare board."

Under present traffic conditions many of the promoted men may be obliged to wait perhaps a full month before they can appear on the engine.

J. H. McVey stated tonight there had been no suggestion on the part of the strikers to approach the company with a proposal of settlement. Neither had there been any suggestion by the company that such a thing would be entertained.

At Moose Jaw, Calicians are being pressed into service by the company. The company has been sending bedding into the shops today.

CRIME OF UNIONISM.
PARIS DARK AT
UNION COMMAND.

BEVERE PUNISHMENT FOR AUTHOR OF OUTRAGE ASKED.

Electricians Turn Off Lights of French Capital at Hour When the Amusement Places Are Busiest.

Patard, "Tycoon of the Proletariat," Likened to Louis XVI.

(BY DIRECT WIRE TO THE TIMES.)
PARIS, Aug. 5.—[Exclusive Dispatch.] While Emile Patard, secretary of the Electricians' Union, played dominoes in a cafe near the Labor Exchange last night, several thousands of his "comrades" obeyed his orders to turn off the lights of Paris from 8 till 10 o'clock, or at just the time when the cafes, theaters and summer gardens were busiest.

Patard himself chafed for his game of dominoes at a cafe with his own electric plant, but when this by a co-incidence, refused to work, he decided to call off the strike to 10 o'clock. Proprietors of theaters and other amusement establishments called upon Premier Clemenceau today to ask if Patard could be severely punished, which is doubtful.

"We did not cut off the head of Louis XVI because he was a tyrant, but because he was a tyrant," Patard said, "and he was a tyrant."

That a more or less irresponsible workman, indifferent to everything but the demand of his class, should have the power to seriously inconvenience and interrupt the life of the whole city when he please, is a scandal, says the Matin, editorially.

"One of the triumphs of our so-called civilization. We live in the midst of absurdities."

Premier Clemenceau Friday gave orders that the electrical cops of the army stationed in Paris remain in the barracks for the purpose of coming to the aid of the electric services in the event of a riot.

BRIDGE DAMAGED BY BOMB.
UNION MEN SUSPECTED.

(ASSOCIATED PRESS DAY REPORT.)
CHICAGO, Aug. 5.—The new Calumet Railroad bridge over the Calumet River at One Hundred and Thirty-third street was damaged today by a supposed bomb.

The bridge is being built by American Bridge Company, and is the largest bridge ever employed in the construction of the city.

KIDNAPING CASE SENSATIONAL

MOTHER SAYS FATHER MAY BE GUILTY PERSON.

Man With False Mustache Carries Off Small Boy, for Whom Parents Are Fighting in Diverse Proceedings, Settlement of Which Is Yet Pending—Police at Work.

While playing in front of his grandmother's house at No. 326 West Forest street yesterday afternoon, Forest Callender, 5 years old, whose custody is sought by his parents in a sensational suit for divorce, was kidnapped by a tall man with a false mustache.

Mrs. S. A. Dowdell, the grandmother, says the man led the boy down the street, but thought nothing of it. An hour later, when Mrs. Lillian Callender, who has been living with her mother since she left her husband, returned, she went out to look for her child and could find no trace of him.

The mother went to the confectionery store at Broadway and Temple street and there learned that a man had purchased for her son a box of candy and then, taking the youngster up in his arms, boarded a street car.

Mrs. Callender reported the affair to the police.

From the description given by Mrs. Callender, it is believed that the kidnaper is a man who has been living with her mother since she left her husband, returned, she went out to look for her child and could find no trace of him.

The mother went to the confectionery store at Broadway and Temple street and there learned that a man had purchased for her son a box of candy and then, taking the youngster up in his arms, boarded a street car.

Mrs. Callender reported the affair to the police.

THE CITY IN BRIEF

FEDERAL PURE FOOD
SLEUTHS ARE INVESTIGATING HERE.

"For the stomach's sake!"

NEWS AND BUSINESS.

K. C. at Santa Barbara.
A council of the Knights of Columbus will be organized soon at Santa Barbara with a probable initial membership of about fifty.

Boats Heavy Damaged.
Suit for \$25,000 damages was filed in the United States Circuit Court yesterday by Charles B. Masner against the Santa Fe Railroad. The plaintiff claims he was seriously injured at Barlow in December, 1935, while coupling.

Back from Vacation.
Right Rev. Mons. Harrett, rector of St. Villana's Cathedral, and Rev. Joseph Barrow of St. Mary's Church, Santa Barbara, have returned from a vacation trip through Yellowstone Park, where they had the pleasure of meeting Mr. and Mrs. Nicholas Longworth.

School Contract.
At the meeting of the Building Committee of the Board of Education yesterday, a contract for building an annex of eight rooms to the McKinley-avenue school was awarded to John Blair, for \$29,837. He was the lowest bidder and the last man to bid. There was a great number of bids ranging from \$22,000 to over \$32,000.

Full-Fledged Vice-Consul.
P. J. Zechandauer, recently appointed local vice-consul for the Netherlands, received his exequatur, signed by President Roosevelt, and his official appointment, signed by Queen Wilhelmina of the Netherlands. His office will be in the Wilcox building, rooms of the Merchants and Manufacturers Association, of which he is secretary.

To "Be Shown."
James A. King, indicted by a Federal grand jury in Missouri on the charge of forging the signature of J. E. King to a money order for \$17.70, payable at Lebanon, Mo., has been located at Riverside, where he is serving a short term in jail for some petty offense. When released from there, the postoffice inspectors will take him back to Missouri.

They Wish to Talk.
The Salvation Army and Volunteers of America are getting up a petition to be presented to the City Council, asking for an amendment to the ordinance regulating speaking on the public streets. The petitioners will ask that the ordinance be changed so as to give the Mayor and the Police Commission power to grant to worthy persons permits for public speaking within the restricted district.

Will Be a Priest.
John Joseph McKenna, son of Mrs. James Manning of Vermont avenue and Sixty-fifth street, and a native of this city, has received the novitiate and has been accepted for admission to the Franciscan Fathers at Fruitvale, Alameda county, with the intention of becoming a priest of that order. He is 18 years old and studied at St. Anthony's College of the Franciscans at Santa Barbara.

Catholic Hospital.
Haber County has purchased the Quilisco Sanatorium at Santa Barbara, and on the 20th inst. it will become St. Francis' Hospital, in charge of the Franciscan Sisters, who have the management of St. Joseph's Hospital in San Francisco, and whose mother house is at Joliet, Ill. The first improvements to be made are a new operating room with additional equipment. The purchase price was \$22,000.

Lady's Death Accidental.
Accidental death was the verdict returned by the jury at the coroner's inquest yesterday morning by a coroner's jury at the Friedman & Myers morgue, following an inquest over the remains of Catherine Mary, 32 years of age, who was fatally injured by a street car at Forty-fifth street and Central avenue, Tuesday evening. The Winter boy was riding alongside the car on a bicycle, which slipped, throwing him directly beneath the wheels. He sustained injuries from which he died last night.

Bryan-Kern Club.
The Seventh Ward Bryan-Kern Club held a meeting last night at Scott's Hall, No. 561 Central avenue. Addresses were delivered by Mayor Harper, H. M. McDonald, Nathan Cole, O. M. Norton, Robert Loucks, J. T. Moriarty, A. Snell, R. J. Collins and E. L. Porter, chairman. The meeting was presided over by the Executive Committee: J. S. Allen, E. C. Mayhew, J. S. Dixon, C. J. Rodmer and Martin Betowski. On the Finance Committee were appointed: H. L. Washburn, John Topham and Martin Betowski.

First-Elimination Stage Ends.
The first stage of elimination in the State shoot last night, the two skirmish runs having consumed the available portions of the day. The lower men were dropped, and the remaining twenty will shoot over the same events with strings of ten shots at each, and the skirmish run of twenty. The highest fifteen will compete the State team after tomorrow. Only one man of the Seventh Regiment—Private Unstated—is among the losers so far, and he failed on the last event—the skirmish run.

Looks Like a Million.
The numerous McGirk heirs will, it now appears from the first semi-annual report of the executor, I. Ferris, have even more property at their disposal for final settlement. Dollars are piling into thousands of dollars. When the estate was appraised and returned over to the executors, one of whom was the late Judge N. B. Conklin of San Diego, the total value was placed at \$24,534.50. Since January the amount has been increased to \$251,438.98. This sum, of course, covers only the property in San Diego left by the late Edward McGirk. No legal account has yet been made of large holdings in and about Santa Barbara, but McGirk heirs have repeatedly declared that the value of the Santa Barbara property to which the body of the estate, will make a sum aggregating \$1,000,000.

Postoffice Removal Some Time Away.
Although members of the Federal Building site Committee are anxious to have the main postoffice moved as soon as possible from its present location in a rented building at Seventh and Grand avenues to the new edifice at Main, North Spring and Temple streets, nothing definite can be decided until the arrival of the government.

NEW WAVE MOTOR.

Another Inventor Will Attempt to Harness the Bounding Billows at Santa Monica.
SANTA MONICA, Aug. 21.—It would seem as if wave motors are to appear on every bounding billow of the blue and briny deep. Now comes J. Wood, inventor of Los Angeles, who, having secured a patent from the City Council to try out on North Beach a device of his invention, has his mechanical device safely anchored on the sloping shore of sand, and will tomorrow morning give it its initial test. The scheme is a new one among chirographed efforts to cause old ocean to yield her wasting power in supplying horse power.

Briefly described, the motor consists of a little car that is expected to run on a track that has been laid from a point on the shore above the water line to the rolling waves. The end, facing deep water, is connected by a dashboard, upon which the breakers are to pound. The force of this collision is expected to send the car gliding up the track. Attached to the shore side of the handcar is a twenty-four foot beam, which is to be utilized as a piston rod. This rod connects at the shore end with another car, heavily weighted, which will also run up and down the track. The piston is designed to take a twelve-inch stroke, and whatever excess energy may be developed will be expended in pushing the heavier car up the grade. In theory, the big waves will give the cars a longer ride and the smaller waves a short haul. Gravity is to be relied upon to return the cars to the scene of activity as the waves recede, and thus the engine will be in readiness to catch and yoke the power of the waves with whatever rapidity they may be able to deliver their energy to the sands. A stout spring is relied upon to return the piston rod to the same starting point at each time.

The motor was tested yesterday, but not being properly weighted, the dashboard developed a tendency to keep its head and neck above the surface of the water; but by tomorrow the inventor expects to have this defect adjusted.

ASSESSMENT INCREASES.

According to the assessment for 1936, as compiled by City Assessor Dales, the Board of Equalization when it convenes next Monday will find a total taxable property of \$7,601,235, as against \$7,456,000 in 1935. The increase is \$145,235, of which almost one-half is in permanent improvements to real estate. The increase in the assessment of the Southern Pacific, which amounts to \$75,000, the increase over last year in the school district is a quarter of a million dollars.

Thomas Blanchard was today granted a permit for the erection of a new \$250,000 residence in the Palms.

AUTOISTS ANGRY.
President H. X. Goetz, of the Board of Trade, this afternoon named the following committee on automobiles: J. C. Porter, chairman; L. E. Braden and F. E. Bundy. The numerous arrests for automobile speeding have given the city a black-eye among the wheeled fraternity and more than a hundred of the Los Angeles automobilists have signed an agreement to increase the speed limit on some of the older boulevards that this committee was appointed to confer with the Mayor and the City Council. If no change should be conceded in the ordinance, the police department will be asked to have uniformed officers give warning rather than to have the offenders arrested by motorcycle detectives in plain clothes.

BIG DERRICK FALLS.

This morning, for the third time since the work was commenced on Santa Monica's reinforced concrete pier, the immense derrick that is used in hoisting the great sticks of steel, was toppled over by a strong wind, wrecking the crane and fracturing one pile in many places. Fortunately none of the laborers were injured, although several were working in the vicinity at the time and the tens of tons of weight dropped all around and about them.

J. H. Schott, who recently left Raymond avenue for other parts, has been held for preliminary hearing on a charge of threatening letters to Miss E. A. Griffith, to whom he seems to be indebted in default of the bail the accused was sent to the County Jail.

LONDON GRAFTERS CONVICTED.

LONDON, Aug. 21.—Ten municipal officers of St. Paul parish, charged with grafting, were convicted tonight after a trial lasting three days. Although the amounts involved were small, the case excited the greatest interest because trial on such a charge is unusual in England. Thirty lawyers were engaged and the costs of the trial are estimated at \$49,000.

BEAM PUFF

M'FARLAND EASILY BRUSHES BROCK BY.

Contest Called Off After Packy Had Planted Blows on Nearly Every Part of Opponent's Anatomy—No Class in Boy Who Went Down to Defeat.

BY HARRY C. CARR.

PACKY M'FARLAND, a new star of pugilism, contemptuously swept Phil Brock off the path that leads to the championship, at Maud Junction last night. It could hardly be called a prize fight. Brock is a bull-headed young person who fights with the blind, senseless courage of a bulldog. M'Farland, on the other hand, was a dazed condition, began fouling his

Phil Brock at the "All In" Stage.
 Cartoonist Gale's study of prize fighter who suffered a terrific pounding last night at the hands of M'Farland, and who was officially knocked out in seventh round when referee stopped the mill.

The only interest there was in the fight was a mild amusement in the amount of pounding Brock could endure and still keep on his feet. Twice he was knocked down and took the count and once was pounded through the ropes. Most of the remainder of the fight he was lurching drunkenly around the ring, his jaw sagged open and his eyes filled with tears.
 M'Farland would stand off and select a new spot on Brock's carcass and would stagger and more blood would come, but he would come lurching back into the fray.
 Occasionally M'Farland would glance over the boy's blood-spattered shoulders with a look of appeal at his manager in the corner as if to say, "For the love of Mike, where shall I hit him now?"
 Toward the end, Brock, in his half-

ROBBED THROUGH WINDOW.

Thief Reaches into Car and Snatches Purse from Woman's Hand—Collision Taken.

A daring robbery was reported yesterday by Mrs. Ida Carlson, a passenger on the Southern Pacific from San Francisco, via Bakersfield. She was sitting in the chair car at Bakersfield Thursday night at 10:30, and a thief suddenly put his arm through the window and snatched her purse, containing \$10 in gold and \$2 in silver, also her baggage check, gloves and trinkets. Before the astonished woman could utter a cry, the thief had slipped away in the darkness. Trainmen took up the search through the depot grounds, but without avail.

Mrs. Carlson, who is a daughter of Samuel Nelson of Calaveras, Iowa, was on her way to this city to buy a home for her parents.
 Passengers on the train, learning the story, took up a collection. F. E. Wood of Hanford, a ranchman, happened to know Mrs. Carlson's parents well, and vouched for the distressed woman. The collection netted \$25.00.

SILENT TAP ON EXCHANGE.

SECRET SOUNDER PANACEA FOR RIVAL STOCK BROKERS.

These Who Read Telegraph Instrument Get Messages Before Those Addressed, but Cannot Trust Them. Telepathic Advantages Only Are Now Unrestrained on the Floor.

Because Manager Miller of the Western Union Telegraph Company equipped the operator at the Los Angeles-Nevada Mining Stock Exchange with a "secret sounder" lowering clouds have parted and the sunshine of peace on the floor of the exchange.

Things were reaching a crisis, according to non-combatants on "change, when this equipment was introduced. There were many brokers who declared some of their fellow members on "change were former telegraph operators and could read the sounder so easily that they got the benefit of private wire flashes, tips and orders ahead of the members for whom they were intended. This manifest advantage of a few—there are only three known readers of the Morse code on the floor—excited others and one man is alleged to have used a client, now a telegraph operator, as a means to discovering all that came over the wires to fellow brokers. His client, off the floor, read the messages as they were clicked off on the sounder, and communicated them over the curb to the broker on the floor.

This situation aroused the class that could neither read the instrument nor get any client who could and they made complaint to Secretary F. E. Herron. Five minutes' talk to Manager Miller brought a "secret-sounder" equipment for the operator and the danger of war abated. The old sounder was silenced.

Telegraph operators who are floor members of the Los Angeles-Nevada Exchange say the men who complained overestimated their danger. They say the operators were so afraid of being "jobbed" by "certain messages" that they paid no attention to the sounder as it clicked off supposed important tips.

UNUSUAL GOLDEN-SILVER ANNIVERSARY.

PARENTS AND CHILD JOIN IN UNIQUE CELEBRATION.

Aged Couple, Married Half-Century Ago, and Daughter and Son-in-Law, Who Went to Altar Just Twenty-five Years Later, Will Entertain Today.

A golden and a silver wedding anniversary on the same day and in the same family will be the occasion today of a delightful and happy gathering at the home of Mr. and Mrs. H. G. Beach, No. 1018 East Forty-sixth street. Mr. and Mrs. Beach have been married just fifty years, while their son-in-law and daughter, Mr. and Mrs. Charles E. Potter, of No. 1403 Albany street, have had just half that span of married life.

From 2 to 5 o'clock this afternoon the double event will be celebrated by a few of the most intimate and dearest friends of both couples. The home place on East Forty-sixth street has been appropriately decorated, the gold and silver effect predominating. Bits of wedding cake in gold paper tied with cords will be given to each guest.

Mrs. Beach will wear a beautiful gown covered with point lace that has been in her family many years. She is a beautiful old lady. Mr. Beach proudly exhibits a picture of "the girl I married," taken away back in the early 50s.

"Do you blame me for marrying her?" he asks. "She's more beautiful today than ever."
 Mr. Beach is 81 years old and "pushing 82 mightily hard," as he puts it. He has voted for every Republican President from Zachary Taylor to Roosevelt, will vote for Taft, "and by Jimmy, I voted for good roads last week," he added.

The first Beaches came over in 1832. Jonathan Beach, grandfather of H. G. Beach, was given a gold-headed cane by George Washington for services at Valley Forge. It is still in the family.

Mrs. Beach is of the same stock as President Fillmore, and furthermore, is a direct descendant of Miles Standish. She has in her possession a pewter dish that made the trip in the Mayflower.

PHOTO BUNCO SCOOPS MANY.

Smooth Agent Sells Coupons That Are Worthless.

Local Galleries Swamped by Seekers of Pictures.

Dupes from Ranch Districts Herded by Police.

Dressed in their "Sunday-go-to-meetin'" clothes and many of them bringing baskets of food, a small army of country people poured into Los Angeles yesterday to have their pictures taken free of charge, according to an agreement made with a very smooth and agreeable young man.

As the crowd swept down upon the various fashionable studios of the city a great wall went up—a wall from the photographers, and another from the betrayed callers. A hurry call was sent to the Police Station. For awhile the clerks were almost swamped trying to record all the reports. At a well-known and fashionable Broadway studio it required the united efforts of three patrolmen, a sergeant and all the attendants of the gallery to remove an obnoxious person and his family. The obnoxious one happened to be a broad-backed, ruddy-faced ranchman from the Glendale district. He was attended by the wife of his choice, seven offspring, male and female, and a varied assortment of clothes that would have made a second-hand store solicitor wild with joy.

The farmer held a highly-embossed photograph in one hand, while he loudly demanded his right to have his picture "took."
 ALL FOR A DOLLAR.
 He told the photographer that a week ago a well-dressed young man called at the ranch house. He had a case of sample photographs with him, and made the ranchman a very flattering proposition. In consideration of \$1.00 to be paid immediately, the ranchman was to select a photograph of any style, and upon presenting it at the Broadway gallery, he was to have his picture and the likeness of the other members of his family made free of charge. Incidentally, the agent remarked that the photographer would turn out any style the ranchman should decide to choose.

The man from Glendale demanded the style of photograph held by him. It was a fancy picture of a forgotten sweetheart of a day, long dead and gone. The ranchman cut so low that a Turkish cigarette poster would have looked stuffily-dressed beside it.
 The ranchman stated that his wife, a good little woman who showed the deep lines of hard labor, wanted her portrait made in the exact pose of the photograph he had shown. He had a gallery suggested that some mistake had been made. The ranchman would not hear of it. He had paid it, and he wanted his money's worth.

He caught sight of the likeness of a well-known society leader, taken in the evening attire, and pointing to it, he called to his better half: "There ye are, Lucy, look like her of ye can; peel off yer shirt and go to it."
 And Lucy, urged on by the evident enthusiasm of her husband, and inspired by the sight of the magnificent shoulders and bust of the woman before her, began to remove her shirt waist, displaying her slim, angular figure, bedecked with freckles and roughened by toil.

At this juncture a patrolman arrived in answer to a call, and after a desperate engagement, in which the diplomacy of the department was necessary, Mrs. Lucy was persuaded to draw her waist back over her shoulders and accompany the family to the Police Station, there to register a complaint against the young man who had taken her husband's dollar.

TELLS HOW IT WAS.
 The husband, in turn, carrying a large bundle of clothes, walked about the station for an hour or more, telling the story of his grief to all who would listen, and with glistening eyes showing the various garments on his arm. He said he had always wanted to have his photo taken like the villain in East Lynne, and that he had been saving his father's long-tailed coat for the past twenty years, so that when opportunity offered he might face the camera, "all hunk."

A dozen others were at the station to register complaints.
 The photographers state that some agent has been working on the city's edges, and particularly in the rural districts, offering special rates at the various studios, and collecting a small amount of money, giving a coupon in return. The coupon is a forgery, and the solicitor pockets the cash. The aggregate is a large amount.

Yesterday was the day for the country people to come in with their coupons. They arrived in droves, carrying squalling babies and dragging whimpering children after them. The managers of the various studios had a day of trouble in taking care of them, and explaining that a swindle had been perpetrated.

Many of the coupons had been made out in the name of E. F. Tresslar, No. 5004 South Broadway. Tresslar was compelled to hang up a notice to the effect that he had issued no coupons of any sort, before he could keep the bearers from his place. Almost every well-known studio in Los Angeles was also involved in the coupon swindle, and the police are searching for the perpetrator.

LAND OFFICE SPREADS.

Business of the Prevalent Kind Causes Local Quarters to Expand to Some Magnitude.

Increase of business in the local United States Land Office has made it necessary to add more room. When Commissioner Fred Dennett was here a few days ago, he authorized the additional expense and the Chamber of Commerce, by changing some of its tenants, was able to provide rooms adjoining those now occupied by the register and receiver.

"Unless something unforeseen arises, our present seven offices will suffice until we move into the new Federal building," said Gen. F. C. Prescott, register yesterday. He is settling of the rich Imperial Valley has brought a remarkable increase of business to this office.

There is one feature of the work here that is really out of proportion to the usual distribution of public lands, and that is the extent of litigation. This is greatly due to the enormous values of Imperial holdings.

SAYS SHE'S SEVENTY.

But Bride-elect, Finally Knocks Out Twenty-three Years and Claims Younger.

Deputy County Clerk George O. Monroe of the marriage license bureau narrowly escaped an attack of heart failure yesterday when a woman who looked possibly 60 years old solemnly stated her age as 70. Monroe has had experience with coy maidens of 19, who blushing admit that they have seen seventeen summers, but never had he come across one of the fair sex who actually wished to increase her age. The curiosity in brides-to-be was Mrs. Ida Benson, a widow, who in company with Almon F. Mellen of Bakersfield, applied for a license. Mellen gave his age as 23 years, when Monroe turned to the bride-elect, she solemnly announced that she was 70. As she was plainly romancing, the deputy declined to issue the license until he discovered the reason for her peculiar action.

Chief Deputy Watson was called, and in the interim, Mellen and Mrs. Benson held a short consultation, after which the woman concluded to knock off a few years. She stepped up to the desk again and offered to take her oath that she was only 47 years old.

"You can see that I am 47 and there is no legal reason why I should not marry," said the woman to Watson. The affidavit was then filed out and she took oath, placing her age at 47.

SPREADING.

POLICE DEPOT AT STOCKADE.

BETTER PROTECTION PLANNED FOR BIG DISTRICT.

Station for East Side, Boyle Heights and North End to Be at New Workhouse, Where Hobos Will Be Incarcerated—Capt. Auble to Command.

A new police district is to be created in the near future. It will include Boyle Heights, the East Side, and the territory north of College street and west of the river.

Capt. Walter H. Auble, who is just the service term for retirement, will be given charge of this division, where nothing more serious than a family row ever disturbs the quietude. His headquarters will be in the stockade, near the junction of the river and the arroyo, where he will have direct supervision of the chain gang.

Capt. Thomas A. Broadhead will succeed him. It is understood, as senior captain at the Central Police Station, and the vacancy will probably be filled by the promotion of Lieut. Charles E. Dixon.

The change will be made and the new district created by Chief Kern just as soon as the City Council passes on the budget. Considerable work will be done before the stockade is occupied. Chief Kern asked for an appropriation of \$3000 to build a wall around the stockade in order to make it safe against jail deliveries. As it now stands the windows are unprotected from the outside, and it would necessitate having guards patrol the building to prevent anybody from passing weapons between the bars. It is proposed to have the chain gang build the wall, of concrete. The furniture for Capt. Auble's office there has already been ordered and will soon be delivered.

A Gamewell telephone system is now being installed for the district. The East Side Police Station will be abandoned and Sgt. McKean, who has been in the service for more than twenty years, will work under the direction of Capt. Auble. It is understood that the new district will be policed by a detail of fifty men, including jailers and sergeants.

Chief Kern recommended the creation of the district some time ago to the Police Commission. It is understood, so that it would include the Southern Pacific Railroad yards. The redlight district will not come under Auble's jurisdiction.

The minor details have not been decided upon by the Chief. When he receives his appropriation from the Council he intends to make a number of department changes.

For two weeks the chain gang has been at work around the stockade, putting the grounds in shape. It is expected that the stockade will be opened by October, when the hobos begin to waft into the city.

The Chief is also anxious to establish another division in the Westside district. This will not be taken up, however, until the north and east-side district is established, and additional men are placed on the force.

BEST PEOPLE.

"HELLO, BILL."

TONIGHT'S CRY.

ELKS AT BANQUET WILL GLOAT OVER DALLAS COUP.

Eight Hundred of the Antlered Herd from Near and Far to Join Here in Jollification Over Coming of the Grand Lodge to Los Angeles Next Year.

"Hello, Bill!" is to be the cry tonight of the gathering clans at Levy's. Eight hundred Elks, from near and far, will indulge in what they have christened "an effervescent symposium," but whether that is a new drink or something else remains to be seen. The fun will begin sharp at 8:30 o'clock, and will end—any old time the morning after.

The affair is in honor of the Los Angeles Boosting Club that went to Dallas a few weeks ago and shouted themselves hoarse sounding the praises of Los Angeles as the only place for the grand lodge reunion and convention in July of next year. The "boosters" won, of course, and now friends wish to honor these good fellows who worked so hard for the cause.

Visiting members will be here from thirteen near-by lodges—Pampano, Riverside, Pomona, San Bernardino, Santa Ana, Long Beach, Bakersfield, San Luis Obispo, Santa Monica, Fresno, San Pedro, San Diego and Redlands, and honorary invitations have been sent to brothers at Stockton, San Jose, San Francisco, Sacramento and numerous other northern cities.

In the big banquet hall will be the twelve-point or "12-line" elk that at

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

Detectives on the trail of city civil service employees for pernicious activity in politics have caused alarm at the City Hall.

People living in the neighborhood of the Westlake Hospital testified in Judge Conroy's court yesterday that they were kept awake by the cries and moans of patients, and were compelled to keep the windows of their homes closed day and night because of the odors from the institution. The hospital association is fighting the ordinance, which, if sustained, will compel the removal of the establishment from its present location.

Attorney Stephen L. Sullivan, charged with entering a fictitious check, was committed to the County Jail yesterday in default of bail, and his children were sent to the Ransome Home.

AT THE CITY HALL.

DETECTIVES TO WATCH CLERKS.

CIVIL SERVICE EMPLOYEES IN A STATE OF ALARM.

Deaths of a Civic Association Are Prying Open Secret Work of City Employees of Various Kinds Who Are Forbidden to Mix in Politics Actively.

Quiet trepidation was apparent throughout the City Hall yesterday among the civil service employees. The hall was quiet because most of the employees who are not required to thumb the civil service rule book were out "doing politics" for the primaries next Tuesday; but the stay-at-home clerks and inspectors were impatient.

Their trepidation was because they all had a straight tip that a civic association that keeps itself busy with other people's business had hired two detectives to collect testimony as to violations of the civil service law by city employees.

While Clerk Love was busy with the affairs of the Board of Health office he was thinking of the many things that the "civic" association, headed by Pat Doyle, excavation inspector in the street department, were thinking of; or were all the others.

"How's your precinct?" was the question.

The answers were inaudible in most cases. In others they would hardly be to certify to City Attorney Hewitt, whom most of the politicians are busy helping. This little staff is not helped by the civil service law, and seems to revel in its liberty as much as the firemen who find immunity for their misdeeds in the "safe" fire commission, which includes County Chairman Schwamm and the Mayor.

The detectives are busy as alarmed as well as embittered the City Hall forces. One detective is devoting his attention to Democrats and the other to Republicans. What they collect as evidence of infractions of the law is to be submitted to the Civil Service Commission, in the hope of making examples. The punishment may be suspension or dismissal.

That the civil service board has jurisdiction over all the city employees in the matter of trial, except the firemen and policemen, is another source of friction. Firemen and policemen may be tried only by the fire and police boards. These boards are famous for their devotion to the civil service regulations when they interfere with precinct necessities, and "reformers" in an old story. But the Civil Service Commission is in deadly earnest, and was to the miscreant who may be found guilty of pernicious activity at the primary election next Tuesday, or even before.

If Hewitt's men get into a precinct filled with civil service staff Republicans, the latter must sit in their homes and watch "reformers" at work.

These are some of the reasons why the City Hall is quiet these days. In spite of civil service regulations, the "City Hall men" are in the precincts, and it would not be surprising if ways were found to give political activity to the heart of the civic association's precautions.

AT THE COURTHOUSE.

KEPT AWAKE BY PITIFUL CRIES.

NEIGHBORS SAY WESTLAKE HOSPITAL IS NUISANCE.

Noises and Odors Compel Citizens to Keep Windows Closed Day and Night, Is Testimony—Institution Attacks City Ordinance to Maintain Existence in Present Location.

Evidence that the screaming and groaning of patients in the Westlake Hospital keep residents in the neighborhood awake at night and that odors of chloroform and iodoform compel the keeping of windows closed all day, was presented by Assistant City Attorney L. R. Works yesterday in Judge Conroy's court. An injunction suit brought by the Westlake Hospital Association against Mayor Harper and the city of Los Angeles was on trial.

The hospital association is seeking to have set aside the ordinance of June 1935, which makes unlawful the presence of a hospital within the district bounded by Ocean View avenue, Coronado street, Ninth street and Burlington avenue. The plaintiffs say the institution is conducted in a thoroughly sanitary and proper manner, and that no contagious diseases or insanous patients are allowed in it; that it is in no sense a nuisance, and that the ordinance is unconstitutional, because it discriminates unfairly between different sections of the city.

The city authorities contend that the provisions of the law are well within the police powers conferred by the charter, that the comfort, health and general welfare of citizens require that there shall not be a hospital within the described district, and that the Westlake establishment causes discomfort to many.

"It was obliged to remove from lodging in a house next door to the hospital because of the noise and odors," said Mrs. Louise S. Jewett. "The odors have been so strong that I have been forced to close my doors and windows at all hours of the day and night."

The odor of chloroform has been so strong after operations," said Ernest J. Glidden, "that I have been compelled to close my doors and windows at all hours of the day and night."

Further operations the light from the

I have heard the crying and moaning of patients day after day. I have been kept awake nights by these noises, which are most disagreeable," Mrs. Dora A. Glidden testified to the same effect, and it was stated that operations can be seen from the windows of neighboring houses.

Further evidence will be presented Monday morning.

"CRACKED MIRROR."

TROUBLE BEQUEATHED TO VISIT.

Stephen R. Culbertson, a well-to-do land owner of Boyle Heights, was summoned to Judge James' Court, yesterday, by Mrs. Mary Culbertson, to show cause why he should not pay her attorney's fees in her suit for divorce, on grounds of desertion.

Culbertson said that he was married in March; that his wife had been married three times before, and that within a few weeks her daughter, Mrs. Maud Pross and her husband came from Ohio to live with him. He told his wife that he would not support them, he stated, and she and the visitors left him. Then Mrs. Culbertson put a home-stead on his property.

Mrs. Pross gave a colorful testimony regarding her quarters at the Culbertson home. "I had a cracked mirror that I couldn't see my face in," she said, "and I lived in the attic."

When E. L. Hutchinson, counsel for Culbertson, brought out the statement that H. Smith, the "cobbler attorney," is counsel for Mrs. Culbertson and is to get what fees he can from Culbertson, the judge stated that Smith has no standing in court, and refused to allow fees for him. Mrs. Culbertson was granted \$5 temporary alimony weekly.

LAWYER DRINK VICTIM.

CHILDREN TAKEN FROM HIM.

Charged with having uttered a fictitious check for \$7, Attorney Stephen L. Sullivan yesterday afternoon heard Judge Wilbur order his three children, Leslie, Vivian and Beatrice, all under 12 years of age, committed to the Ransome Home because of the misconduct of their parents.

Sullivan has been engaged in the practice of law in this city since the San Francisco earthquake. He came here with his family from the north and took a house at Colegrove. He is an able attorney and has been connected with leading Los Angeles firms, but his intemperate habits have caused his downfall.

C. J. Black of the firm of Lytle & Black, preferred the charge. He said that Sullivan passed on his firm, on July 23, a fictitious check drawn on the Metropolitan Bank and Trust Company and signed by the imaginary name of A. C. Dunn. While officers were searching for Sullivan on this charge, representatives of the Humane Society said that they found the home in an extremely disordered condition. Both the man and his wife are addicted to the use of liquor, that when they quarreled outsiders intervened for the children, and the Humane Society said that they found the home in an extremely disordered condition.

Neighbors of the Sullivans testified that both the man and his wife are addicted to the use of liquor, that when they quarreled outsiders intervened for the children, and the Humane Society said that they found the home in an extremely disordered condition.

Mrs. Sullivan, who is young and attractive, brought her baby to court in her arms. The mother appeared to be in ill health, and Judge Wilbur said that she might accompany the children to the Ransome Home if she before the court takes final action.

"The trouble is due to the interference of neighbors who come to see themselves with the affairs of other people," was Sullivan's comment. He was committed to the County Jail in default of \$100 bail.

NOT HIGHWAYMAN.

LESS BLACK THAN PAINTED.

Percy C. Short, who is awaiting trial in the superior court on a charge of grand larceny, was under the surveillance of secret service agents last year for some time. He was suspected of having posed as a government officer.

He was first arrested by the police on suspicion of being connected with car hold-ups, but in the end he pleaded guilty to carrying a concealed weapon and was fined \$10.

A star investigator with the words "U. S. Detective" was found on the man and two street car employees informed the federal authorities that he had told them he was on the lookout for postoffice thieves. Secret Service Agent George W. Hasen took up the case, and after thorough investigation, came to the conclusion that Short is a harmless character, who wanted his arrest impression as a summing to be in government employ.

COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS.

LAND DEAL. Judge Conroy yesterday sustained the demurrer of the Los Angeles Securities Company (William H. Carlson) and others, to the suit brought by George H. Pack to restrain the defendants from collecting money for the sale of land in the Redondo land, sold to the securities company by the plaintiff in September, 1935. The demurrer asserted that Pack's grounds of action are covered by a previous suit, and that the restraining order previously issued was continued until August 14, with leave to the plaintiff to file an amended complaint.

SHIP HOTEL. Mrs. Anna E. Mulhall yesterday filed in the superior court a suit against J. M. Prader & Co., and others, for an accounting. She asserts that her husband, James Mulhall, was arrested and taken to Minneapolis July by the Federal authorities on a charge of using the mails to defraud, formed a partnership with J. M. Prader in April, to conduct the Ship Hotel at Venice. Mulhall is alleged to have contributed to the partnership \$2500, as his wife's agent. She says that in April, the partnership was incorporated with her, but has misappropriated the receipts, refused her an accounting, secured a forfeiture of the lease of the hotel, and gotten possession of the property.

WILL FILED. Albert Geyer, son and executor under the will of Mrs. Caroline Geyer, who died in Los Angeles leaving a \$24,000 estate, yesterday filed in the superior court for probate. The property is left to relatives.

ADMINISTRATION. A. C. Pratt, a son of Orlando T. Pratt, who died in Los Angeles on August 1, leaving a \$22,000 estate, yesterday applied for letters of administration. The superior court yesterday.

CHARGES FRAUD. Glen C. Peck yesterday filed suit in the superior court against the Quartz Glass and Manufacturing Company. He seeks to have set aside a \$4000 note given by him in purchase of the corporation's stock, to recover \$1250 damages for fraud.

sorts that the defendant concern is conducted at a loss, and that he would not have become an investor in the stock had not George E. Rosenmayr, as the president, made false representations to him.

AUTO AND CAR. Ira F. Chandler, as assignee of Glen Thompson, yesterday filed in the superior court a suit against the Pacific Electric Railroad Company for \$2000 damages for the alleged destruction of an automobile in a collision with a car at Compton on April 15.

SENTENCES. E. Hanlan and G. Landenschlager, each 17 years old, for burglary in R. A. Noor's shop on July 22, were sentenced to one year to their majorities by Judge Wilbur yesterday. T. C. Puro, who issued a worthless check, was paroled for three years. R. J. Correll, who burglarized the house in which he was a roomer, was sentenced to five years in Folsom.

SHOOTING AFFAIR. O. T. Burbridge, charged with threats to kill, was the result of a shooting affair at H. W. Meserve's house at Centinella Wednesday morning. He will be tried by Judge Sumner on August 24. His examination at Inglewood on a charge of assault with a deadly weapon will be held on August 15.

LIFE INTERESTS. Mrs. Avaline Harper and other heirs of R. S. Macclay yesterday filed in the superior court a petition that the life interests of the Macclays in the \$25,000 estate be terminated. By a novel document, half will and half trust deed, R. S. Macclay and Sarah A. Macclay provided for the termination of their own interest in their property and for the division among their heirs after death. Macclay died in August, 1907, and his wife in August, 1924. Schmidt and Higgins represent the petitioners. Mrs. May Stewart, Mrs. Avaline Harper, Mrs. Rachel Lufkin and Mrs. Josephine Simpson.

THORPE CASE. Mrs. A. L. Thorpe, who has sued Dr. A. C. Thorpe for divorce on the ground of cruelty, appeared in Judge Monroe's court yesterday to apply for a modification of the order made that she shall see her children at their father's home, No. 32 East Twentieth street. She asked that she be not permitted to see the children alone. The doctor's counsel said that between the hours of 3 and 4 o'clock, when Mrs. Thorpe asked to take their naps, Judge Monroe ordered that Mrs. Thorpe be permitted to see the children alone.

REGENTS DEAL. Judge Monroe heard evidence yesterday in the suit of the Black, Rosner, Land and Improvement Company against Frederick Day to recover \$2725 alleged due on his purchase of a block of land at that beach in January, 1927. The company says that he contracted to buy the property on the alleged false representations of R. H. Williams and Joseph Brown that a hotel was to be built at the place, an electric traction line and water system installed, and various other improvements made. Day asks the cancellation of his agreement and the refunding of \$1275.

MUTILATION. John Forester, the 11-year-old boy who confessed to having mutilated the Welsh Presbyterian Church at No. 48 Crocker street, yesterday pleaded guilty to the crime. He was committed to the County Jail in default of \$100 bail.

PELONY. Judge Wilbur yesterday issued a warrant for the arrest of Monte Mond, the 15-year-old daughter of W. H. Mond, a brother of the father is accused of criminal conduct toward the girl. Just before the date of his examination at Long Beach, Mond disappeared. Mond was the court yesterday that he does not know where she is.

INCORPORATIONS. Articles of incorporation were filed yesterday with the County Clerk by the Traders Bank of Los Angeles, a capital stock \$50,000, and the West Side Christian Church.

THE INTERIOR COURTS.

Three Dog Catchers Fined for Throwing Cans—Expense Justified.

Mike Catalina, E. J. Christopher and Edward Britton, dog catchers, were found guilty of having disturbed the peace, after examination before Justice Chambers yesterday. Catalina was fined \$15, Christopher \$25, and Britton \$40. Up to a late hour last night they had been unable to pay their fines and they were locked up at the City Jail. The evidence showed that the trio had severely thrashed nine citizens in a fight at First and Santa Fe streets.

Britt had been convicted of battery before and was therefore given the severest sentence.

Williams Released.

C. A. Williams of West Temple street, who was arrested on a charge of shooting a neighbor's dog, was released yesterday after examination before Justice Frederickson. Witnesses testified that he killed the animal because it attacked his little boy.

Ten-Dollar Mole.

P. E. Kreighbaum was fined \$10 yesterday by Justice Frederickson for having hurled a decayed melon through the window of a Monrovia car.

HUMANE ANIMAL LEAGUE.

New Organization Plans Educational Work Among Children—No Fight With S.P.C.A.

Articles of incorporation of the Humane Animal League will be filed today. The object of the organization is to afford protection to dumb animals, particularly by educating children, and to protect the cruelty of misdeeds which cannot protect themselves.

Though all branches of animal protection will be included in the work of the organization, the protection will be to a great extent in the hands of the Society for the Prevention of Cruelty to Animals, it being the object of the Humane Animal League to carry on its work through education.

It is stated that it is not the intention of the new organization to compete with the S.P.C.A.; rather it is planned to have the two societies work in unison, the organization carrying on its present work and the new one taking charge of the educational work among the school children. The temporary officers of the new society are: President, Dr. W. A. Lamb; first vice-president, Mrs. John W. Mitchell; second vice-president, Mrs. Rufus L. Horton; third vice-president, Miss Helen Mathewson; honorary vice-presidents, Mrs. Caroline M. Severance, William Wilson, and Miss

**BLES FROM THE
POLITICAL BEACH.**

The Independent Boston Herald-Bryanism is Populism, thinly disguised. Bryanism is any political term that can be devised to fasten the credit upon the captives of the unwary. It is a political jargon translated into sound. It is radicalism merely; it is ultraradicalism; it is socialism and water-gate politics; it is latent violence; it is ill for every ethical and economic cause and eruption. People who like most of things are welcome to it."

The Carolina Democrats are a good friend for Mr. Bryan, according to Charles C. Johnson, a Charlestonian, which says: "We still fear, notwithstanding our own resolve to support him, that the influence of Mr. Bryan, that the enthusiasm for him in this State is as thin as water." He adds that there are \$6,000,000 Bryanites in South Carolina, we dare predict that they will contribute an average of

THE POLITICAL WATCH TOWER

There was a stir in the Fourth Supervisorial District yesterday afternoon over the report that the boss of the L. H. League have put their candidate for supervisor in this district back on the ice. The league endorsed W. E. Hinshaw of Long Beach several weeks ago. Reports from the field are to the effect that the league bosses have again turned Hinshaw down and are now in a position to throw their support to C. H. Smith of Hawthorne, a Republican.

This district, Pete Wilson is making a name like a candidate, but he does not appear to be able to command enough support to bring him even to winning. Wilson's last record as a handout was not easy to overlook. He is claiming enough votes to nominate him on the first already yet. The old timers are still that the treasury of the league will put Hinshaw out of the race and that Smith will win the election as an independent. Taft is also a candidate.

Recently Hinshaw has been down by the league in Long Beach as Cogswell was in Pomona. He is now in Pomona for the State Senate; the league bosses are willing to sacrifice the regular district if by doing so they can nominate the Senators in the fifth and thirty-seventh districts from the Ninth Ward. Reports from the Ninth Ward are that the league bosses are willing to sacrifice Smith, their candidate there, in return for delegates for Currier.

Urban Schwamm of the Democratic Central Committee appears to be in bad odor with his party. He is making a name for himself as a pacifist. He lunches with the Democratic Club and takes dinner at the Democratic League. In the ward he is conducting a party and in "de Ala" he is the apostle of the Royal Arch.

It appears to have overstepped the free-and-easy bounds of public propriety, however, by a fight in his own party for nomination for supervisor in the district, while retaining his place as chairman of the County Committee. More, also a candidate in this district, has demanded that Schwamm be the chairmanship to Capt. M. Oake, the vice-chairman.

It has been on his part as a representative of "Tore" held on to his place, and the "Tore" are talking right out in about what they are going to do when the county committee. Tony is too busy with his campaign to take notice of the fact that he is organizing a Chinese club, probably the only one of the kind in America. Tony has been naturalized Chinese, went into a club, and grew around the club once a week at their meetings.

And as the cost of the Democratic near politicians to make use of the bar as a means to secure the nomination of a superior judge. They thought the combination was set for Justice Stephens couldn't lose. A ballot was inaugurated by Democrats to place one of their own in the county seat. The caucus last night, a number of Democrats endorsed Stephens, but the two endorsements went to P. Chandler. The new word for the "common people" down the candidates that endorsed; the Democrats will not be the men who pay the fees of those who get the fees and select the judges.

Democratic caucuses to select to the county convention last week almost deserted. There have been a Democratic caucus in years at which such little incidents manifested. It appears that the members in the Democratic Assembly district could be for seats at the State Assembly District—No. 4, Santa Barbara street. Second Assembly District—No. 4, Santa Barbara street. Third Assembly District—No. 4, Santa Barbara street. Fourth Assembly District—No. 4, Santa Barbara street. Fifth Assembly District—No. 4, Santa Barbara street.

dent of the club it will hold meetings on the first and third Friday evenings of each month until the November elections.

ITALIAN BANDS FIGHT.
Meeting on Street, Rival Musical Organizations Engage in Sharp Conflict.

(ASSOCIATED PRESS DAY REPORT.)
NEW YORK, Aug. 7.—The musicians of two rival bands engaged each other yesterday in Williamsburg. During an Italian Saints day. When two different bands, both bands, playing different airs, came together. Immediately the fight was started. With their instruments the musicians pummeled each other over the head. A large crowd gathered and somebody sent word to the Police Station that a riot was in progress. Before the reserves got there two policemen had, by the use of their clubs, but a stop to the fight.

Frank Ciochi a cornetist, and Tony Perroni, a trombone player, were badly hurt. After their injuries had been treated by an ambulance surgeon they were arrested for disorderly conduct.

HEART TURNS TO DIXIE.
Henrietta Crossman Chooses South for Tour to Honor Relative Who Wrote Famous Melodies.

(ASSOCIATED PRESS DAY REPORT.)
NEW YORK, Aug. 7.—Negotiations were completed today whereby Henrietta Crossman, a grand niece of Stephen C. Foster, the composer of "My Old Kentucky Home" and "Swanee River" and other well-known southern melodies, will this fall make a tour of the South, the first she has ever made. Heretofore, Miss Crossman's time has been so taken up with her New York engagements that a tour of the South has been impossible. This season she requested that her managers book her through the South in order that she might be able to present "Miss Nell" and "As You Like It" among those from whom her family sprang.

Hand Bags \$1.75 Worth to \$4.00	Lingerie waists \$1 Worth to \$2.00
--	---

It's been months since we had such extra good values in women's hand bags to offer to our customers at such a little price. A leading manufacturer, who needed ready cash, let us have a quantity of very fine bags at much below what we should usually have to pay, so we can sell values up to \$4.00 for only \$1.75.

Included are both black and brown leathers—real seal, brown walrus, sea lion, etc., some of them with outside pockets, all full leather lined, with good leather or gilt mountings; choice for \$1.75.

All sizes here this morning, when the selling begins; if you want to save generously on a pretty lingerie waist, be on hand as early as possible:

Waists in white and colors, some made with fancy yokes, others with small tucks down the front in yoke effect; some with dainty embroidered fronts, trimmed with lace and insertion; some of them are somewhat soiled, all are slightly tumbled from handling and from display; so out go waists that sell regularly for \$1.50, \$1.75 and even \$2 each, for \$1.00.

Black Silk Sale

Ever-stylish black taffetas, and peau de sole, peau de cygne and the popular satin effects in black silks, now on special sale:

36-inch satin Majestic, on special sale at \$1.50	36-inch satin peau de cygne, on special sale at \$1.25
19-inch taffeta, on special sale at 65c and 70c	26-inch Moneysbak taffeta on special sale at \$1.35
36-inch Stirling taffeta on special sale at \$2.00

LET BRUIN GO.
BEAR IS ALIVE.
DEER ARE DEAD.

POMONA HUNTERS SECURE SIX FOUR-PRONG BUCKS.

Also Come Across Large Specimen of Urus Americanus, but as Both Skin and Meat Are Unfit at This Time of Year They Give Animal Right of Way.

POMONA, Aug. 1.—Robert C. Stock, his son, Roy, and Jack Hostetter have returned from a two-week deer hunt in the Tehachapi Mountains with larger returns to show as a result of their trip than any hunters heretofore this season. They secured six four-prong bucks, which they had the time of their lives chasing. Hostetter also came upon a large black bear which was not slaughtered, however, as bear skin and meat are not fit at this time of the year.

TO FULL CAPACITY.
 The Pomona Valley Ice Company's plant on East Second street is being run to the full capacity of its present machinery these days, supplying a largely increased business. Refrigeration pipes are laid from the ice company's plant across Reservoir street, to the Hotel Virginia, where the Pomona Fruit Growers' Exchange is in the basement of the exchange's new building.

DRIVE TO BAY CITY.
 Clarence R. Smead and family started today on a drive to Bay City, where they will spend some days. Charles E. Walker and family and Allen F. Nichols and family will leave next week for a camping trip to Bear Lake.

Miss Margaret Dills, Hazel Lathrop, Helen Martin, Lucy and Mae Nichols will depart in a day or so for Alaska.

John J. Becker and family are home from a month's outing at Santa Monica.

The Epworth League of Trinity Methodist Church gave an enjoyable birthday social at the home of Mr. and Mrs. Fred Ellsworth on West street, last evening.

There are now about three hundred people employed at the local cannery, who will be busy for the next few weeks packing a million and a half cans of peaches.

Three small boys and a man and woman were caught stealing fruit at the local cannery yesterday. The boys were caught by the owner of the place. The boys were allowed to depart, because of their youth, after having been severely reprimanded, and the woman, the owner states, all trespassers will be caught.

Local Life-Savers Affiliate With National Organization—Chamber of Commerce Appoints Committee to Inspect Santa Monica's Electric Sewage Purification Plant.

VENICE, Aug. 1.—The city is dressed in her best in anticipation of the big day of Los Angeles to the beach on the morrow. "Los Angeles Day" promises to be a memorable one in the history of Venetian celebrations. In addition to the programme as printed in today's Times, there will be an address on some timely topic by Jud Rush of Los Angeles. The festivities will start early in the day and will continue until after the last spark of the pyrotechnic display shall have died late in the evening.

LIFE-SAVERS ORGANIZE.
 The Venice Life-Saving Corps, which was organized and equipped two years ago as an independent association, has finally completed all negotiations for affiliation with the national Life-Saving Corps. This organization, national in its scope, has no connection with the Venice Life-Saving Corps.

AT THE HOTELS.
 Angelenos at the Metropole include E. A. Salisbury and Miss Lois Salubury, Simon Mader, Mr. and Mrs. C. Dille, Miss Elliott, F. E. Yorkum, Mrs. Mary B. Quinn, Mrs. H. P. Barton, C. P. Barton, Miss A. Carr. From eastern points arrivals include Miss Helen Hagan of Boston, Miss K. H. Hagan of Los Angeles, Miss Frank Willington of Pasadena, N. J., at the Glenmore, Mr. and Mrs. F. W. W. Malone of Chicago, accompanied by Mrs. A. J. Webster of Redlands, at the Metropole.

WILL EXAMINE PLANT.
 The Chamber of Commerce tonight appointed a committee to visit Santa Monica's magneto-electric sewage purification plant. The Ocean Park Dyer of Globe, Ariz., at the Island Villa, T. B. Taggart, James E. Sprague and Kenneth Shibley of Phoenix, Misses Drusilla and Marie Stewart of El Paso.

OUTDOOR STUDIO.
 Joseph Greenbaum, the artist, has established his studio here for two weeks on the heights overlooking Decano. A camp stool, an easel and a six-foot canvas constitute the studio, and the artist is now painting a picture of the beach and the ocean.

REISTS CONSOLIDATION.
 Another committee was named for the purpose of revising the government's revised purpose of consolidating the Venice, Santa Monica and Ocean Park postoffices into one station with free delivery for the entire beach. On their own account, Santa Monica and Ocean Park have receipts sufficient to justify the installation of the carrier system, but Venice has learned that the department is in favor of consolidation, which is against the wishes of the patrons of the three offices.

WHITTIER.
 Dr. F. J. Bold was destroyed by fire this morning. A leaky gas pipe is thought to have been the cause of the fire. The building, which contains the home of Dr. F. J. Bold, was destroyed by fire this morning. A leaky gas pipe is thought to have been the cause of the fire.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

LARGER COUNCIL IS ADVOCATED.

REVISION OF SAN BERNARDINO CHARTER NEAR END.

Committee to Report Tuesday Night—Number of Wards May Be Increased from Five to Seven. German Lutheran Church Will Be Dedicated Sunday.

SAN BERNARDINO, Aug. 7.—The charter revision probably will be completed next Tuesday evening as the committee reports on the changes in the number of wards to be made.

The committee advocates an increase in the number of wards from five to seven, and a corresponding increase in the number of members of the council.

The separation of the city into wards is the subject of the report of the committee, and the changes in the number of wards to be made.

The committee also reports on the changes in the number of wards to be made, and the separation of the city into wards.

RANCHER DIES FOR A WORN-OUT HORSE.

[BY DIRECT WIRE TO THE TIMES.]

EL CENTRO, Aug. 7.—(Exclusive Dispatch.) R. H. Pulley, aged 58 years, is the latest victim of desert heat. He died yesterday afternoon between El Centro and Coyote Wells.

Pulley, who was an old resident of Riverside, came down here with his family this season to raise cantaloupes. On Wednesday he loaded his wife and two children into a wagon, and with a team of worn-out old horses started across the desert for Coyote Wells.

On the way across the heated stretch of sand one horse lay down and died. In order to save the other animal, Pulley tramped across the desert to Coyote Wells and carried back water for the suffering animal. A few moments after he reached his wagon he fell dead.

Coroner Mitchell was notified, and sent out tonight to hold an inquest and bring the body here, where it will be met by a brother and taken back to Riverside for interment.

WATER MATTER GOES OVER. Imperial county's Board of Supervisors gave a further hearing today to the petition to set definite water rates. Because of inability to get desired testimony from officers of the California Development Company, the board adjourned until September 14 for further investigations. The claim was made by the company's representative that all books and documents desired by the Supervisors were in Los Angeles.

MISS Mainland had charge of the district school at Mecca. Alleging fraud and misrepresentation in a real estate deal at Hemet, E. E. Phime and Parr Goodall filed their petition for the recovery of \$5000 and exemplary damages from the Ferguson Investment Company of Hemet. The plaintiffs last June came out from Iowa and purchased through the Ferguson Investment Company the 250-acre property near Hemet known as the Big Springs ranch, paying \$15,000 for the land, with buildings and implements. The complaint alleges that the defendants represented that this amount was the lowest net price for the ranch, and that they would negotiate the deal without commission, because of reasons of friendship in a business way. The complaint alleges that later it was learned that the Ferguson Investment Company had called to Pricker that \$10,000 had been offered for the ranch, and this offer was accepted, the company retaining \$5000 and completing the deal with the plaintiffs.

GOOD FLOW OF WATER. A good flow of water has been struck by the Eucalyptus Lumber Company, which planted twenty-two acres of eucalyptus trees at Winesville last year. In a test of the well, the engine pumped fifty-five inches in a steady flow. The water stood 100 feet from the surface and was apparently lowered by pumping. It is believed that a more powerful engine would produce a much greater flow. The well was sunk to a depth of 400 feet. The company, which is made up of Riverside people, will plant a large additional acreage of trees next season.

THE VIRGINIA, Long Beach, equalled by none. Moderate rains for the summer.

ONTARIO, Aug. 7.—The members of the Board of School Trustees are planning for the increased school facilities for which bonds aggregating \$65,000 were voted. Plans are drawn for the new \$65,000 high school. Of the \$15,000 remaining, \$1700 will be devoted to enlarging the South Side school, which will be given two rooms, each 3721 feet. The average attendance at this building is eighty pupils. The contract for the four-room addition to the Centre school, on East G street, has been let to the Miller Contracting Company. The addition will consist of four rooms, and will cost \$700. Besides this, about \$1500 worth of repairs will be made to the old building. The balance of the money will be divided between the eighth-street and Blackhawk schools. The Golden State Canning Company is now running on peaches. The real rush will not get under way until ten days, when the Muirs will be in.

BALBOA, Aug. 7.—Manager F. W. Beckwith is adding seventy-five bathrooms to the bathhouse here. C. Treadwell of Los Angeles opened a grocery store at Balboa yesterday. J. V. Carroll has the contracts for four modern bungalows to be built here within the next sixty days.

HEMET, Aug. 7.—The Cullen & Dyer fruit dryer is being moved a mile and a half east of town so as to be closer to the fruit district. Peaches are in the market now, and the dryers will open the season of the fruit. John Olson and family have moved to the northern part of the State.

NEW FACTORY. A building permit for \$25,000 for the factory buildings of the Pacific Maltese Castings Company was taken out yesterday, and announcement was made that construction work will begin immediately. The site of the factory is at the intersection of Jurupa avenue and the Salt Lake tracks. A romance in which a pretty Riverside schoolteacher and a successful rancher of the desert town of Mecca were the principals culminated yesterday in the marriage of the couple at the home of the bride's father in this city. The bride was Miss Mainland, daughter of P. Mainland, land of No. 549 Garfield street, and the groom was Dale Klier. For two years

CONDEMNATION SUITS. With a jury party chosen, a stipulation was entered yesterday afternoon of three condemnation suits brought by the Los Angeles Inter-urban Railway Company to complete a right of way for an electric line from Santa Ana to the best-sugar factory being erected two miles south of Santa Ana. The case was set for trial at 10 o'clock. The defendant, while a special venire was being served, the regular venire being exhausted, an offer of \$1000 was made by the railroad. This price was accepted, and the stipulated judgment against the railroad was entered. The first condemnation suit was settled out of court. The third will be set for trial tomorrow. An soon as it is out of the court the Electric will begin constructing its line.

AFTER MONEY. FIGHT FOR CASH STARTS TODAY. EXECUTOR FOR MCGURK CITED TO SHOW CAUSE.

SAN DIEGO, Aug. 7.—Contest for possession of the McGurk estate has begun in court here by the filing of a citation from the Superior Court calling on Carl I. Ferris, executor, to appear before Judge Lewis at 2 o'clock tomorrow afternoon and show cause why he fails and refuses to recognize the petition of Thomas J. Whitmore of Los Angeles for a distribution of the cash assets now in his hands as executor.

Whitmore claims that he is the only living direct descendant of the late Edward McGurk, who died in this city and left property worth over \$125,000. Whitmore puts in a claim for the estate, and has asked for \$25,000 cash that has accumulated in the hands of the executor.

When the demand was made Executor Ferris ignored it and has continued to ignore it. Tomorrow Whitmore will have opportunity to produce what proof he has of being the rightful claimant.

Meanwhile Nathaniel McGurk has filed a petition in court for a share of the estate, claiming that Edward McGurk was his long lost brother, although there is quite a dissimilarity in the spelling of the two names. The latter claims that no one outside of his family and that of Mrs. Lovell is entitled to share in the estate.

DEMOCRATS SMOKE. Democrats held a smoker tonight in

the new headquarters in the Schmitt block, there being nearly 500 followers of Bryan present. E. E. Cappa, Col. R. V. Dodge and others spoke. Between talks the usual Bourbon refreshments were served freely.

EXPECT BIG VOTE. Registration figures indicate that an unprecedented vote will be cast at the primary election next Tuesday. Nearly 6000 have qualified with the registration officials, while it is the ruling of County Clerk Francis that all who voted at the general election in 1904 and who have not had opportunity to register are entitled to vote at this primary, but not after that.

NEW INDUSTRIES. MORE FACTORIES FOR RIVERSIDE. TWO ESTABLISHMENTS WILL BE STARTED SHORTLY.

Orange Wine Company, Financed by Merchants' Trust of Los Angeles, Will Manufacture on Large Scale and Afford Market for Culls—Isleable Castings Concern to Build.

RIVERSIDE, Aug. 7.—After passing through numerous vicissitudes, the Sunny Mountain Orange Wine Company, which has secured ample backing and will soon begin preparations for the manufacture of orange wine on a large scale. The Merchants' Trust Company of Los Angeles is financing the project, having advanced the company \$25,000 and taken this amount of first mortgage bonds on the plant, equipment and stock of the company, located at Highgrove.

The president of the wine company is F. C. Kauders. The beverage is non-intoxicating. The annual output of the factory is to be 250,000 gallons. To get this amount of orange juice, between 200,000 and 250,000 boxes of oranges will be used. Culls and stand-ards which would be unprofitable to ship will be utilized, making a profitable market for what has heretofore been a waste product.

The company, which is incorporated for \$5000, will begin building within a few weeks in order to be ready for business by the beginning of the coming orange season. A deed of trust covering all of the Sunny Mountain Company's property was filed yesterday by the Merchants' Trust Company. The bonds are to run five years and bear 5 per cent. interest.

A building permit for \$25,000 for the factory buildings of the Pacific Maltese Castings Company was taken out yesterday, and announcement was made that construction work will begin immediately. The site of the factory is at the intersection of Jurupa avenue and the Salt Lake tracks. A romance in which a pretty Riverside schoolteacher and a successful rancher of the desert town of Mecca were the principals culminated yesterday in the marriage of the couple at the home of the bride's father in this city. The bride was Miss Mainland, daughter of P. Mainland, land of No. 549 Garfield street, and the groom was Dale Klier. For two years

CONDEMNATION SUITS. With a jury party chosen, a stipulation was entered yesterday afternoon of three condemnation suits brought by the Los Angeles Inter-urban Railway Company to complete a right of way for an electric line from Santa Ana to the best-sugar factory being erected two miles south of Santa Ana. The case was set for trial at 10 o'clock. The defendant, while a special venire was being served, the regular venire being exhausted, an offer of \$1000 was made by the railroad. This price was accepted, and the stipulated judgment against the railroad was entered. The first condemnation suit was settled out of court. The third will be set for trial tomorrow. An soon as it is out of the court the Electric will begin constructing its line.

AFTER MONEY. FIGHT FOR CASH STARTS TODAY. EXECUTOR FOR MCGURK CITED TO SHOW CAUSE.

SAN DIEGO, Aug. 7.—Contest for possession of the McGurk estate has begun in court here by the filing of a citation from the Superior Court calling on Carl I. Ferris, executor, to appear before Judge Lewis at 2 o'clock tomorrow afternoon and show cause why he fails and refuses to recognize the petition of Thomas J. Whitmore of Los Angeles for a distribution of the cash assets now in his hands as executor.

Whitmore claims that he is the only living direct descendant of the late Edward McGurk, who died in this city and left property worth over \$125,000. Whitmore puts in a claim for the estate, and has asked for \$25,000 cash that has accumulated in the hands of the executor.

When the demand was made Executor Ferris ignored it and has continued to ignore it. Tomorrow Whitmore will have opportunity to produce what proof he has of being the rightful claimant.

Meanwhile Nathaniel McGurk has filed a petition in court for a share of the estate, claiming that Edward McGurk was his long lost brother, although there is quite a dissimilarity in the spelling of the two names. The latter claims that no one outside of his family and that of Mrs. Lovell is entitled to share in the estate.

DEMOCRATS SMOKE. Democrats held a smoker tonight in

Bullock's Bargain Basement

79c Table
